Henssler Financial shall mean and refer to any and all subsidiaries, parent or sister corporations, limited liability companies, partnerships or other entities or entity controlling, controlled by or under common control with said corporations or entities, including, but not limited to G.W. Barron's 2019 "Top 1,200 Financial Advisors" published in the March 11, 2019 issue of Barron's. Barron's publishes four financial advisor rankings each year: The Top 100, The Top 100 Women, The Top 100 Independents and The Top 1,200, in which advisors are ranked on a state-by-state basis. The formula Barron's uses to rank advisors is proprietary. It has three major components: assets managed, revenue produced and quality of practice. Investment returns are not a component of the rankings because an advisor's returns are dictated largely by the risk tolerance of clients. The quality-of-practice component includes an evaluation of each advisor's regulatory record. For more information on rating methodology, go to <http://online.barrons.com/report/top-financial-advisors>. The rating may not be representative of any one client's experience because it reflects a sample of all the experiences of the Financial Advisor's clients. The rating is not indicative of the Financial Advisor's future performance. Neither Henssler Financial nor any of its Financial Advisors pay a fee to Barron's in exchange for the rating.

The 2017 Five Star Wealth Managers list published in the October 2017 issue of Atlanta Magazine and does not apply to The Henssler Equity Fund, its performance or any other investment options.
